underscores the need for targeted interventions to nurture high achievers.

Regional Disparities in Results

One of the most striking aspects of the 2014 CHS results was the evident regional disparity in student performance, reflecting underlying socio-economic and infrastructural differences.

Languages:

- English and Regional Languages: High pass rates (above 85%) indicated effective language instruction; however, essay and comprehension sections revealed varying levels of proficiency, especially in regional language papers.

Social Studies and Optional Subjects:

- Performance Variability: Social Studies had a pass rate of around 78%, with students excelling in history and civics but facing challenges in geography. Optional subjects like Computer Science and Physical Education saw increased enrollment and good performance.
